The Long and Short of It – That's Why I'm Here

That's Why I'm Here is the latest single release from The Long and Short of It from Their #1 ARIA released album "Midnight Choir". This song is written by David Baird, Patsy Toop OAM, and Kenny Royster.

This beautiful ballad depicts the tender and loving relationship between a father and son as their relationship develops "Throughout the years, endless in time's passing, solid as a rock, a little nudge when you need it, giving endless love and showing that you're needed"

Skope Mag review states "That's Why I'm Here" mixes modern and traditional arguably better than any other song on Midnight Choir. Attentive listeners won't be able to help themselves from admiring how adroit The Long and Short of It are so skilled at portraying powerful emotions in a gripping musical way like they do here. It is calibrated in such a way that it produces an emotional response in listeners and few, if any, will feel ashamed of themselves when it works its magic.
