### ***The Long and Short of It – A Little Love Will Fix You Up***

#1 ARIA on Australian Country Album Chart and self-described as their “best work to date,” ‘Midnight Choir’ is the new album from Award-winning Melbourne based country duo, The Long and Short Of It, that blends traditional and contemporary country.

The album is a collaboration between Patsy Toop OAM, David Baird and Nashville-based producer, Kenny Royster, whom the pair met during a trip to Nashville in 2013 and is credited for his work with US Country superstar, Luke Combs.

The latest single release “A Little Love will Fix you up” is a co-write between David Baird & Kenny Royster.

The lyrics of this song ring true and assure anyone that much can be fixed with love. This song is the type that someone can cling on to and feel moved by, or even better, changed by “When you feel your world will never ever be the same, There’s no way you could get over the break, Stealing for a healing left you feeling that you can’t trust, Of, a little bit of love, a little love will fix you up”

David and Patsy continue to uphold their commitment to penning songs that are relatable, inspirational and are storytelling. Since their first release in 2009, the pair have continued to grow musically with every release. Their latest release “Midnight Choir” Hit #1 on the ARIA Australian Country Album Chart and in the words of Jennifer Munoz from Vents Magazine who reviewed this album.

“Baird & Toop have a spellbinding talent for marrying the present and past into something timeless.”

On the live circuit, their captivating and engaging live shows have earned the adoration of fans and critics alike and they have frequented country music festivals in Tamworth, Mildura, Canberra, Mt Gambier, Ballina, amongst others over the past decade.
