

Lance Friend - MY HOME AUSTRALIA

I've seen where Peter Lalor fell
And the tracks of a Muttaborrasaurus
I've been to Banjos Billabong
Where he penned our nation's chorus
Seen the Min Min Lights, Outback nights
Been to rivers where the Barra bite
Back of Bourke, she'll be right
It's my home Australia

Seen a best mate on a tucker box
Fished 7 Emu Station
Cheered where the emperor played
Roared a maroon ovation
Sat on the rock, played me didge
Seen the bush chooks plain at the ridge
I'm fair dinkum, Ridgie Didge
It's my home Australia

(Solo)

I've seen where Tracy blew
Where Larry smashed Bananas
I've been to Kakadu
Where the native way'll charm ya
Where the nations stopped by a race
Seen the only living thing from space
Cable Beach, good on ya mate
It's my home Australia
My home Australia

Seen a Shell House with a harbour view
Where we used to have a tiger
Pollies with a point of view
Most are bloody liars
Seen the churches where the grapes are growin'
Match that a Doctors blowin'
G'day Mate, How ya goin'?
It's My home Australia

Seen the Min Min Lights, Outback nights
Been to rivers where the Barra bite
Back of Bourke, she'll be right

Seen the Min Min Lights, Outback nights
Been to rivers where the Barra bite
Back of Bourke, she'll be right

Ha Ha, you know what I mean
belongs to you, belongs to me
My home Australia
