## *The Austins – Home*

The Austins, Rohan and Candice, follow the incredible success of their first debut single "Back Road Bus Stop", which went to #3 on the country airplay charts, with their new driving single "Home". With Golden Guitar winning producer Matt Fell at the helm and Rohan Austin taking the lead vocals, "Home" again showcases the unique and diverse sound of The Austin's and is sure to be another hit with country radio listeners and presenters both nationally and internationally.

"We all have that one place we call "Home". No matter how long we have been gone from that place, we still refer to it as "Home" and feel at home when we are there. This song is exactly about that. Whether it be a love, a house or just a place, you know no matter how far you travel or spend away from a place or person, only one ever really feels like home." The Austins
