The Silverline - Cowboys and Dreamers

The Silverline are kicking things into high gear with their next release lifted from their sophomore album - Cowboys and Dreamers!

Co-written with golden guitar winner Allan Caswell, this catchy as hell neo-traditional track has all the right classic ingredients with a hook that's a firm nod to the outlaw sounds of Waylon and Willie.

Velvety-elegant and wistful, the track features tasteful harmonica and timeless acoustic layering that sets off lyrics that are both clever and anguished at the same time.

Produced by Simon Johnson with vocal arrangement by Lyn Bowtell, this single boasts a cutting-edge vintage sound in a way that feels new and seems effortless.

Cowboys and Dreamers... they'll drag you through hell from the very first kiss...
