

Pete Obrien – I Love You (LYRICS)

Don't matter what you Say
What you do or what you have
Its who you have beside you
That's why im so glad

Oooooooooooooohh, I Love You
Oooooooooooooohh, I Love You

Do what makes you happy
Be with who makes you Smile
Laugh as much as you Breathe
It only takes Awhile

-Chorus-

My heart longs for you
My soul dies for you
My eyes cry for you
Empty arms reach for You

To love is to risk all the Pain
But love in return is the Gain
Cant You See It All The Same
I Love You
I loved you Yesterday
I love you Still
I always have
I always Will

Chorus
