

KINDER (BE THE LOVE)

©M. Steele

Everybody's hurting
Everybody's bleeding
Everybody's feeling pain at some time
So be a little kinder
Hug a little harder
Reach out and share a smile

Chorus 1:

Don't be so fast to judge or quick to criticise
Cause what's ugly can be beautiful
In someone else's eyes
Just be a little kinder
Smile a little longer
And be the love they need (be the love they need)

So check in on a neighbour
Call upon an old friend
Maybe they need to see a kind face
Have a conversation
Share a cup of coffee
You may just be someone's saving grace

Chorus 1:

Don't be so fast to judge or quick to criticise
Cause what's ugly can be beautiful
In someone else's eyes
Just be a little kinder (kinder)
Smile a little longer (longer)
And be the love they need (be the love they need)

Everyone has secrets
Everyone has regrets

We all have a hidden past

Nobody is perfect

Nobody is worthless

Have a heart and empathise

Chorus 2:

Don't be so fast to judge or quick to criticise

You don't know the circumstance

That led to their demise

Just be a little kinder (kinder)

Smile a little longer (longer)

And be the love they need

Just be a little kinder (kinder)

Hug a little harder (harder)

And be the love they need

Be the love they need

Be the love they need

Be the love they need

Just be the love they need
