Ross Webb – Nowhere Town

Nearly 12 months since his previous release, Nowhere Town is new release for Ross Webb that has been a long time in the making. Ross first put together the lyrics 2-3 years ago before finally getting together with Syd Green (producer/composer) and Ben Malone (composer) to finalise the project.

The song reminisces about Ross's childhood in small rural town (Tarcutta) in Riverina NSW and all the changes that have occurred since he left the town 30 years ago and how this would be symbolic of many small towns across Australia (hence the reference to Jamestown SA in final chorus).

The evolution of Ross Webbs sound is highlighted in the country rock melody, which is influenced by artists such as Marcus King Band & Brothers Osborne, and continues to build to the end.
