

**MAXINE – Written by Sharon O’Neil**

Creases in your white dress  
Bruises on your bare skin  
Looks like another fine mess  
You've got yourself into What's the matter with you  
Has the cat got your tongue?  
Well, if you don't like the beat  
Then don't play with the drum.

Maxine  
You're not the only one  
To take the whole world on  
But no one's ever won Maxine  
Case 1352  
A red and green tattoo  
Eyes cold steel blue

On a rain-slicked avenue (ooh-ooh)  
Long shadows in the night (ooh-ooh)  
Take off your spike-heeled shoes (ooh-ooh)  
You've got to run for your life  
(Run for your life) Razor blade in your pocket (ooh-ooh)  
From an ex-marine (ooh-ooh)  
Makes you speed like a rocket (ooh-ooh)  
Ooh, it cuts so clean

Maxine (who's that walking?)  
You're not the only one (walking behind you)  
(Who's that talking?)  
To take the whole world on (talking about you)  
(Who's that walking?)  
But no one's ever won (walking with you Maxine)

Maxine (who's that walking?)  
Case 1352 (walking behind you)  
(Who's that talking?)  
A red and green tattoo (talking about you)  
(Who's that walking?)  
Eyes cold steel blue (walking with you Maxine)

How come you're paying for borrowed time? (Ooh-ooh)  
Staring out into space (ooh-ooh)  
Bad boys and cold comfort (ooh-ooh)  
And a smacked-up face

Maxine (who's that walking?)  
You're not the only one (walking behind you)  
(Who's that talking?)  
To take the whole world on (talking about you)  
(Who's that walking?)  
But no one's ever won (walking with you Maxine)

Maxine (who's that walking?)  
Case 1352 (walking behind you)  
(Who's that talking?)  
A red and green tattoo (talking about you)  
(Who's that walking?)  
Eyes cold steel blue (walking with you Maxine)

Maxine (who's that walking?)  
You're not the only one (walking behind you)  
(Who's that talking?)  
To take the whole world on (talking about you)  
(Who's that walking?)  
But no one's ever won (walking with you Maxine)

Who's that walking  
Walking behind you?  
Who's that talking  
Talking about you?  
Who's that walking  
Walking with you, Maxine?
