headed to the door

Verse 2

then somebody had the nerve to call in orders like something
from a real bad dream
on my dish was a little piece of fish ,some rice and three green peas I never had the taste
for social graces ,not like some people do
iv'e got a problem doctor can you help me ,could you give me a clue

he said I can't treat a man in your condition as he looked me in the eye son I see your'e gonna
be country till you die

down to the ute you drive ,your'e just gonna be country till you die SOLO (instrumental -m8)

Chorus -

country till you die ,every bone in your body is countrified it runs in the family
