

Live for today

I've been turning tables
Since before I could stand
Holding on, too many cards
Looking for the perfect hand

I've been learning lessons
From mistakes of yours and mine
The biggest of them all was
It's all about the time

The time spent wasted
Looking back on what has been
Things you said or didn't
You can't change a single thing so

Come on come on come on come on
Come on come on come on come on
Come on come on come on
There's a better way
Come on come on come on come on
Come on come on come on come on
Come on come on come on
Live for today

I've been told you should never
Wish your life away so fast
What will be will be
Make the most of what you have

So I kept turning tables
Everyday moving on
Dreaming big, one day at a time
That's how I cross the line so

Come on come on come on come on
Come on come on come on come on
Come on come on come on
There's a better way
Come on come on come on come on
Come on come on come on come on
Come on come on come on
Live for today

Live for today
There's a better way
Live for today
You can't change the past
Live for today
That's what I say
Live for today
Make each moment last

Come on come on come on come on
Come on come on come on come on
Come on come on come on
There's a better way
Come on come on come on come on
Come on come on come on come on
Come on come on come on
Live for today

Come on come on come on come on
Come on come on come on come on
Come on come on come on
Live for today
Come on come on come on come on
Come on come on come on come on
Come on come on come on
There's a better way

Come on come on come on come on
Come on come on come on come on
Come on come on come on
Live for today
