Susanna Colley – Dreams Are Waiting

Singer-songwriter Susanna Colley is making waves with the release of her debut single, “Dreams Are Waiting” – A Powerful Anthem of Hope and Resilience, a heartfelt track that blends emotive storytelling with an uplifting soundscape.

Infused with Susanna’s positive energy, “Dreams Are Waiting” captures the essence of perseverance, reminding listeners that aspirations remain within reach, no matter the obstacles. “I want people to feel inspired that you’re never too old to chase your dreams and it’s up to you to make those dreams become a reality. Your dreams are waiting on you!”

Produced, mixed and mastered by Stuart Stuart at Analog Heart Records, the track seamlessly blends contemporary country with rich rock elements, setting the stage for Susanna’s highly anticipated debut album, “Steel Toes to Stilettos”.
