

# **Dianne Coombes - Ripples On A Pond**

## **Verse 1**

I knew a man, an unassuming man  
Who never knew his effect on those around him  
No tickets on himself, there were no trophies on his shelf  
His sense of self was measured by his actions.

## **Verse 2**

And though he goes, It's not of his own choosing  
He'd never want to leave me all alone  
And as I go, it's not his love I'm losing  
For love goes on, Like Ripples on a Pond

## **CHORUS**

Ripples on a Pond go out in all directions  
Till they reach the shore and sink into the sand  
And so it goes with each and every little act of kindness  
Love goes on, Like Ripples on a Pond

## **Verse 3**

He still lives in all the things he taught me  
And he lives on in all the things that I pass down  
What he taught me is quite plain  
Our actions form a lasting chain  
Make them of love and they'll go ever on and on

## **CHORUS**

Ripples on a Pond go out in all directions  
Till they reach the shore and sink into the sand  
And so it goes with each and every little act of kindness  
Love goes on, Like Ripples on a Pond

## **CHORUS**

Ripples on a Pond go out in all directions  
Till they reach the shore and sink into the sand  
And who knows how many lives can be changed by one kind action  
Love goes on.... Like Ripples on a Pond  
Love goes on.... Like Ripples on a Pond
