Susanna Colley- Steel Toes To Stilettos

Hot on the heels of her chart successful debut single Dreams Are Waiting, Susanna is proud to release her second single, the title track from her soon to be released debut album Steel Toes To Stilettos.

As with 3 other songs on the album Steel Toes To Stilettos, was written with songwriting legend Allan Caswell.

Steel Toes To Stilettos was an easy to song to write ... every line in the song is about Susanna herself ... a subject she knows a lot about. She's a farmer's daughter and still loves and lives in the country (in the beautiful scenic rim in South East Queensland) ... she is also a great singer and clever songwriter and ... "cleans up good when Friday comes around"

Steel Toes And Stilettos was produced by top shelf pop and country producer Stuart Stuart (Sheppard, The Veronicas, Dean Lewis, Lee Kernaghan, James Johnston, Travis Collins, The Wolfe Brothers, Kaylee Bell and Amber Lawrence to name a few) and is destined to build on the impact made with her debut single.

Steel Toes To Stilettos (the Album) along with the title track, will be released on Friday 25th July 2025, marking a major milestone in Susanna's evolving musical journey.
