TC Cassidy & Andy Penkow - Whiskey & Wildflowers

Vintage, a little eerie and a lot of mystery is the best way to describe the brand-new single, “Whiskey and Wildflowers”, from multi Golden Guitar Award nominees, TC Cassidy and Andy Penkow.

The pair instantly hit it off after meeting at the Tamworth Country Music Festival a few years back - vowing to write together. Fast forward to 2025 and the time was right. Getting together to write proved an easy and prolific exercise with the session resulting in the stunning “Whiskey and Wildflowers”.

After hearing the finished song, the pair agreed the obvious choice of producer was Michael Moko. Known for his thoughtful production and tasteful musical choices, he brought the song to life shaping it into a mysterious blend of ‘gothic country’. Moko played all instruments alongside Mick McCartin (Troy Cassar-Daley/The Flood) on drums, Caitlyn Jamieson on fiddle and Miller Moko on organ. It was mastered by Jeff McCormack (Kasey Chambers).
