## ***Dane Sharp – “Love It Here”***

Country rock artist Dane Sharp brings heart, grit, and hometown pride to his brand-new single “Love It Here.” Inspired by the people he meets while touring Australia’s remote country towns, the song is a feel-good anthem for those who truly love where they live. With driving guitars, a singalong chorus, and Sharp’s unmistakable storytelling style, “Love It Here” captures the spirit of wide-open spaces, friendly faces, and the joy of a life well-lived off the beaten track. It’s country rock with soul — a salute to the communities that remind us what really matters.

“Love It Here” is a heartfelt new country single that celebrates the simple beauty of small-town life and the people who make it special. Written from the road, the song captures the spirit of the remote country towns visited on tour—places where the pace is slower, the smiles come easier, and the sense of community runs deep. With warm storytelling, rich vocals, and a melody that feels like home, “LOVE IT HERE” is a love letter to the folks who wouldn’t trade their country roots for anything. It’s a reminder that happiness isn’t about where you go—it’s about the people who make you feel like you belong.
