Keily Smith – You Feel Like Home

Keily Smith’s debut song ‘You Feel Like Home’ was written in honour of her husband.

It reflects the sense of belonging with someone or somewhere when you are a home away from home.

Hailing from Northeast England, living and working in Australia for 12 months, before finally settling 14 years ago in the South Island New Zealand. It was on a morning of watching their children playing and her husband pottering in the garage in 2024, that she felt a depth of love, comfort and happiness looking at what they had achieved together.

Keily wrote the song in an hour, claiming the words came so naturally because it was everything I was feeling in that moment.
