Simon Orton - A Little Light

A Little Light is a heartfelt country single from Australian independent artist Simon Orton, co-written with Sven Tydeman and written in late 2024. The song is inspired by a true story of love, patience, and emotional healing. A Little Light continues Orton's signature approach to songwriting — lived-in storytelling paired with melodies that linger. It is a song about choosing care without conditions, offering light without demanding certainty, and accepting that sometimes love's role is to heal, not to stay. For listeners who have loved with patience, compassion, and grace — even when a relationship is lost — A Little Light offers both reflection and companionship, reminding us that sometimes the most meaningful thing you can give someone is understanding, time, and a little light.

An emerging voice in Australia's country music scene, Simon Orton is a storyteller at heart. From the dusty back-roads of Queensland to the hearts of country music lovers, he's becoming known for his honest, soulful sound. A guitarist, poet, and singer-songwriter, Simon's music weaves together the grit of the outback with the timeless traditions of classic country.
